

Reflective Learning Journal

Each week you will be expected to complete and hand in responses to the questions below about your work on the project

1. What did I learn working on the project this week?
2. What did I find most interesting?
3. What did I find most difficult?
4. What questions do I have about the work my team is doing on the project.
5. How can I get those questions answered?
6. What did I learn this week about working with others on the project?
7. In what ways did I help the team this week with project work?
8. What skills did I improve this week while working on the project?
9. What skills do I think still need more improvement.
10. How do you think your team is doing on the project?
